

Call for nominations for a mid-career/ senior academic to join the Faraday Institution Training and Diversity Panel (open to members of the Faraday Institution only)

The Faraday Institution's [Training and Diversity Panel](#) advises the organisation on how best to achieve its ambitious aims of creating a dynamic and diverse pool of talent to work in the battery technology sector of the future. The panel brings a wealth of knowledge and expertise from academia, industry and the public sector.

With an ever-growing portfolio of bespoke training and attraction programmes for Early Career Researchers, PhD Researchers, Undergraduate students and young people, the remit of the group is far reaching with plenty of scope to continue to develop.

The key criteria for membership are:

- Desire to make a meaningful contribution to talent development across the Faraday community
- Willingness/ability to participate in 3-4 meetings a year (currently virtual with aim to move to face to face)

Additional criteria for this position:

- Open to any mid-career / senior academic who is a member of the Faraday community

The Faraday Institution will pay travel and expenses relating to panel involvement.

How to apply:

Please complete the application form which will include:

- Who you are e.g. name, project, role, relevant background experience?
- Why you would like to be a member of the panel and what do you feel you can contribute?
- Any other information you think relevant to this position.

A selection panel will review the applications.

Timeline:

Applications to be sent to executive.assistant@faraday.ac.uk by 13th August 2021.

Selection ahead of the next Training and Diversity Panel meeting on 15th September.

If you have any questions, please feel free to email fran.long@faraday.ac.uk
